The D3 is a screen-based POS terminal for shops, cafés, restaurants and front desks. Its 15.6" Full HD screen runs your sales or hotel app, while an optional 10.1" customer display shows the order and amount due. A built-in 80 mm printer with auto-cutter prints slips and vouchers. Please note that the D3 is not a fiscal cash register: in Poland, fiscal receipts are issued by a connected fiscal printer, and card payments can be taken on a connected WizarPOS payment terminal.

Where it fits

Cafés and restaurants · Retail · Front desk
