

Payment terminals · Attended

WizarPOS Q3mini

Fits in the palm of your hand: pay at the table, at reception or on the move.

Product code: SPC-PT-Q3MA-01

The Q3mini is the smallest Android terminal in the WizarPOS range. Servers take it to the table, receptionists settle the bill at check-out and event staff take payments right in the queue. With a built-in battery, chip reader, contactless payments, 4G and Wi-Fi, it keeps working wherever the local network does not reach.

Where it fits

Restaurants and cafés · Hotels · Retail and events

Pre-authorisation

Pre-authorisation and incremental authorisation (as specified by the manufacturer): hold an amount up front and settle what was actually used. Availability depends on the payment application and the acquirer.

Card acceptance

Accepts Visa and Mastercard cards (contactless and chip) and mobile wallets – subject to the acquirer.

Key features

Pocket-sized

93.7 × 83.9 × 15.5 mm and 131 g:
always within reach.

2000 mAh battery

Works untethered through a service shift, depending on transaction volume.

Every payment method

EMV chip, contactless, e-wallets and QR codes.

Android 14

Run your own sales app directly on the terminal.

Connectivity

4G, dual-band Wi-Fi, Bluetooth 5.0 and optional eSIM.

Deposits and tips

Pre-authorisation and incremental authorisation (per manufacturer), e.g. for hotel deposits.

Manufacturer data (WizarPOS) as of October 2026. Certifications are as declared by the manufacturer and apply to specific models and hardware revisions; certificate numbers are available on request. Specifications are subject to change.

Technical specification
